Regarding the Informal Communication Regarding Examiner Amendment facsimile transmitted on March 24, 2008, at page 8, new claim 36 was added, reciting at line 13, --wherein the apparatus is a medallion configured to be worn by a human being--; in the Examiner's Amendment sent with the Notice of Allowance on April 3, 2008, the word "be" is missing. It is also missing in the printed patent (now claim 1, line 19); and

at page 3, claim 19 recites at line 4 "repetitive"; in the printed patent, the word "repetitive" is shown as --repetition-- (now claim 20, line 3).

Regarding the amendment filed 7/10/07, at page 4, line 14, (claim 10, line 2) recites "equal to one-half"; in the printed patent, "one-" is missing (now claim 14, line 2).

Regarding the original application filed July 10, 2003, at page 12, line 19, claim 23 claims priority from claim 19, which is a method claim; in the printed patent, claim 23, which is a method claim, depends from an apparatus claim, which should be corrected to depend from claim 20, which is a method claim.
